Consumer/Commercial Grade New &
Remanufactured Fitness Equipment
Products & Accessories

Dear Valued Partner,

We understand the investment that goes into the renovation of any fitness space and how important it is to have the most knowledgeable and dedicated team executing on the vision.

Synergy Fitness Products has specialized in the sales, service and facility planning of commercial and residential fitness centers since 2009. Our singular mission is to ensure that our customers receive the most optimal and customized fitness space available. This is achieved from the initial expert facility consultation, the installation of the products & the ongoing support provided for many years thereafter.

Synergy Fitness Products is California's leading all-inclusive fitness Equipment Company. Not only does Synergy provide the highest quality fitness products but we're the only company in the industry that continues local and in-house service support of provided products.

With unmatched industry experience and knowledgeable staff, our team ensures nothing but the complete satisfaction of our customers. Through excellent systems and strong industry partnerships we are able to avoid common delays and short comings which results in a seamless process for our clients.

Thank you for considering our organization to support you with your exciting fitness project and for the opportunity of providing the following proposal for your review. If given the opportunity to facilitate, we will remain entirely dedicated to the outstanding results of this project and will be here for you every step of the way!

Thank you again,
Dakotah
